

Contractor Registration

All disinfection and sampling of water mains must be undertaken by competent employees of the contractor installing the works, or their subcontractor.

Any contractor undertaking disinfection or sampling of water mains must be approved by Coliban Water. Developers are required to use the approved contractors for any such works.

The table below lists the approved contractors for water mains disinfection and sampling.

Business	Contact Name	Phone Number
Veolia Water Operations Pty Ltd	Steven Hunter	0439 995534

Contractors seeking registration can contact us for further information by emailing coliban@coliban.com.au or calling 1300 363 200.
