

Loddon System

February 2019

The Loddon System supplies the towns of Bealiba, Bridgewater, Dunolly, Inglewood, Laanecoorie and Tarnagulla.

Raw water is supplied from the Loddon River.

Goulburn-Murray Water manages the raw water supply.

Water Summaries are prepared each month to provide current water resource information.

Our Urban Water Strategy outlines our water supply initiatives to meet our region's residential, business and community water needs for the next 50 years.

Our nine supply systems have independent sources of water and supply constraints.

Please ensure you read the update relevant to your town.

To ensure we are providing information that is relevant and useful, send your suggestions and feedback to our postal address:

Available raw water supply

Allocation to date	Allocation Trade ¹	Usage to date	Total available (Megalitres)
820 ML	0 ML	280 ML	540 ML

¹Seasonal allocation water sold during month, year or transferred to a trading account.

The graph below shows the raw water 12 month supply and demand outlook for the Loddon System.

**12 month supply and demand outlook
Loddon System**

Further system information

> **Bulk entitlement volume**
- 820 ML

> **Allocation volume**
- 98% - 820 ML

The allocation volume under the Loddon Bulk Entitlement includes the carryover from the previous year.

The maximum carryover is 50 percent of the entitlement volume.

> **Spillable Water Account**

Spillable water accounts are not available in the Loddon System.

> **Allocation trade**

Seasonal allocation against bulk entitlements and water shares can be traded on the water market into and out of this system.

In average years the total allocation is not required to meet demand.

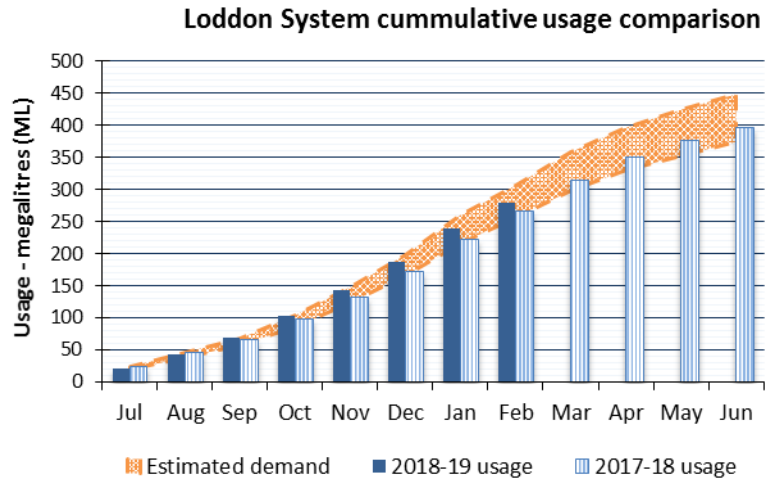

> **Water restriction outlook**

Permanent Water Saving Rules (PWSR) currently apply.

The restriction levels are based on seasonal allocations and are reviewed monthly.

Demand comparison

The graph below shows 2018-19 cumulative water usage for the Loddon System compared with the same period last year and estimated demand.

Monthly usage by towns

The graphs below show this month's water usage for the Loddon System and each town supplied by this system, compared with the same period last year.
